

Square Peg Transcript

[Square Peg YouTube video](#). Original video from Apollo 13 (1995).

0:00: We have a situation brewing with the carbon-dioxide. We have a CO2 filter problem on the [inaudible].

0:08: Five filters on the limb which we meant for two guys for a day and a half, so I told the doc— They're already up to eight on the gauges.

0:14: Anything over fifteen and you get impaired judgment, blackouts, the beginnings of brain asphyxia. What about the scrubbers on the command module?

0:20: They take square cartridges, and the ones on the limb are round. Tell me this isn't a government operation.

0:26: This just isn't a contingency we've remotely looked at. Those CO2 levels are gonna be getting toxic.

0:33: Well, I suggest you gentlemen invent a way to put a square peg in a round hole rapidly.

0:41: Okay people listen up. People upstairs handed us this one and we gotta come through. We gotta find a way to make this fit into the hole for this using nothing but that.
